

## Conference Handout

As it states in the syllabus, you will not come to conferences every week. You will come to conferences only on the days in the syllabus corresponding to your group, which is identified by a color. Your conference time always will be the same. For each conference, you will need to bring one of the following:

- A half-page, typed, single-spaced sheet that discusses a part of your current project and describes what you are trying to do, how it relates to the larger project, or why you have questions or confusion about it.
- A half-page, typed, single-spaced sheet that offers a question or comment about something we have read for class.
- A half-page, typed, single-spaced sheet that offers a question or comment about an activity we have done in or out of class.

If you do not show up at your scheduled time or you do not bring your half-page you will be counted absent. The groups and times are listed below.
